June 13, 2008

At Second Vision, LLC, we pride ourselves in having specific, unique solutions for individuals who are blind or experiencing low vision. Our mission is to provide our clients with the tools necessary to rediscover their potential in whatever it is they pursue. Whether it is a competitive edge in the workforce, an educational tool, or a means of independence; we can help find a solution.

I have enjoyed the acquaintances and professional contacts I have made in the past through client services, training sessions and conferences, and am looking forward to continuing those relationships. I want to get the word out that I am committed to providing vision solutions for work, school and pleasure in our service area. This is why I started Second Vision at the end of last year to continue to work with people who have disabilities. This field has become a passion for me and I cannot see satisfying my personal goals in any other endeavor.

It is with great pride that I have the opportunity to introduce our new staff member who joined Second Vision earlier this month. Phil Weber, my son, is looking forward to working with you in the capacity of product sales, training and customer support. For those who have had the opportunity to meet Phil in passing or at a conference over the past several years will agree when I say Phil brings a great deal of personal care and professionalism to the table. Please join me in welcoming Phil into the Disability Industry.

Phil and I will be making the rounds over the next couple months to introduce what Second Vision has to offer. I also want to extend an open invitation to give Phil or me a call, even if it is just to say 'Hello.'

Feel free to visit our web site at <http://www.SecondVisionOnline.com>, as we are adding new products and services on an almost daily basis.

Sincerely,

A handwritten signature in black ink that reads "David D. Weber". The signature is fluid and cursive.

David D. Weber  
President & CEO
